KIT MOTOR STOP AND CLUTCH LEVER

KIT SICHERUNGSEBEL UND UNTERHEBEL

KIT DISPOSITIVO DE SEGURIDAD Y PALANCA INFERIOR

Note: Combinazione di una leva superiore e di una leva inferiore che azionano rispettivamente: un microinterruttore con filo elettrico e una trasmissione meccanica (guaina e fune), o due trasmissioni meccaniche (guaina e fune). Un dispositivo presente all'interno della leva inferiore crea un collegamento fra le due leve: la leva inferiore in posizione di stazionamento mantiene la leva superiore appoggiata sul tubo, impedendone il rilascio. Diametro del tubo 27-28mm. Manopola non inclusa.

Notes: Combination of an upper lever and a lower lever, acting respectively on a microswitch with electric cable and a mechanical transmission cable (sheath and wire rope) or two transmission cables (sheath and wire rope). A device inside the lower lever creates a connection between the two levers: the lower lever in locking position keeps the upper lever leant on the tube, avoiding its release. Tube diameter 27/28mm. Handle not included.

Art./Ref.	Benzina/Gasoline	Diesel/Diesel	Note/Note
89066	X	-	Composizione kit: dispositivo di sicurezza con leva rossa, leva frizione inferiore, microinterruttore e gommino in PVC. Manopola non inclusa/Kit made with: motor stop red lever, clutch lower lever, microswitch and PVC ring. Handle non included

PRODOTTO ANTIFORATURA PREVENTIVA RIDE-ON

PUNCIÓN POUR GRAND MOYENS

PRODUCT TO PREVENT TIRE PUNCTURE RIDE-ON

BOHRUNGSSCHUTZ FUER HEAVY DUTY RIDE-ON

ANTIPINCHAZO PREVENTIVO

Note: Ride-on protegge il battistrada del pneumatico da forature causate da chiodi, viti, vetri, ecc. Formula studiata per macchine movimento terra e agricole (velocità inferiore ai 50 km/h). Sigilla forature fino a 12 mm. Mantiene costante la pressione del pneumatico. Bilancia ed equilibra le ruote. Riduce i costi di manutenzione (è ideale per servizio alle flotte). Contribuisce ad evitare il surriscaldamento dei pneumatici. Un'applicazione dura quanto la vita di un pneumatico. E' biodegradabile, non pericoloso e non infiammabile.

Notes: Ride-on protects the tire tread from spikes, glasses or screws punctures. Special formula for slow moving machines (speed lower than 50 Km/h). It seal holes up to 12mm. It keeps presson tire stable. It balance the wheels. It reduce maintenance cost (suitable for car fleet). It helps to avoid the overheating of the tires. One application last for the entire life of the tire. It's biodegradable, not dangerous and not inflammable.

Art./Ref.	Descrizione/Description	Capacità Lt/Lt capacity	Note/Notes
79147	Prodotto antiforatura/ Product to prevent tire puncture	19	1 barile di Ride-on permette di trattare circa 6 pneumatici da trattore (circa 3,2 Kg a pneumatico). Il dosaggio è calcolato mediante apposita tabella e richiede l'utilizzo della pompa per una corretta applicazione. /1 barrel of Ride-on is suitable for 6 tractor tires (about 3,2 Kg per tire). The dosage is calculated using the appropriate table and requires the use of a pump for the correct application.

GEL ANTIFORATURA AMA

GEL ANTI-PERÇAGE

TYRES SEALANT GEL

BOHRUNGSSCHUTZ GEL

GEL SELLANTE

Note: L'antiforatura concentrato AMA è un prodotto a formulazione avanzata che se iniettato nel pneumatico tubeless o con camera d'aria, previene le forature e sigilla i buchi. E' in grado di sigillare fori fino a 7mm di diametro, sigillando istantaneamente il pneumatico senza perdita di aria.

Guida all'applicazione:

Da 2.50x4x5.70 a 4.50x8 250ml

Da 13x5.00x5 a 21x7.00x8 400ml

Da 20x10.00x8 a 27x15.00x10 600ml

Da 24x12.00x12 a 33x12x15 800ml

Notes: AMA concentrated tyre sealant is an advanced product which once injected into the tubed or tubeless tyre, seals punctures as they occur, eliminating tyre deflation. It is a preventative tyre sealant that prevents flat tyres. It will seal holes in the contact tread area caused by puncturing objects with a diameter of up to 7mm. It will affect a permanent seal instantaneously without loss of air.

Application guide:

From 2.50x4x5.70 to 4.50x8 250ml

From 13x5.00x5 to 21x7.00x8 400ml

From 20x10.00x8 to 27x15.00x10 600ml

From 24x12.00x12 to 33x12x15 800ml
